General Consent/Agreement to Outpatient Services

This form applies to all Anne Arundel Dermatology practice sites. This form must be completed by all new patients, at least once a year for established patients, and any time there are changes in patient name, address, phone or other insurance information. Ask patients about changes at each visit.

CONSENT TO TREATMENT: I consent to receive medical and/or cosmetic health care services provided by Anne Arundel Dermatology (AADerm) entities. I understand that such services may include but are not limited to examination and treatment of skin disorders, performing cryosurgery, shave biopsies, punch biopsies or other minimally invasive testing on lesions, and sending specimens to a pathology or other lab for diagnosis. I authorize the examination, use, storage and disposal of all tissue, fluids, or specimens removed from my body. I acknowledge that no warranty or guarantee has been made to me as to result or cure. I understand that I could be tested for HIV, and have the right to opt out. I understand that my consent will be requested for HIV and other testing in case of an unintended exposure of a healthcare worker.

FINANCIAL AGREEMENT: I agree to furnish current, valid proof of insurance coverage as well as a copy of my driver's license or other state-issued photo ID at each office visit to confirm my identity and coverage. I will report any changes in insurance or other personal information promptly.

I agree that if I am a parent/ legally authorized representative/guarantor consenting to care and treatment of a minor child, I am responsible for payment and will receive billing statements. Parents are presumed to be legal representatives for their minor children unless legal documents proving otherwise are shared with the office. Please discuss any insurance or custody concerns with the office manager.

I understand that if I do not show up for a scheduled visit and do not notify the office, I will pay a NO SHOW fee of $50.00. If I cancel my appointment in advance, or on the day I am scheduled, my appointment will be rescheduled without a fee. If I repeatedly cancel, a cancellation fee may be charged.

I understand that knowing about my insurance coverage is my responsibility and will contact the insurer for coverage questions. If my carrier requests information from me, I agree to comply promptly with such requests. AADerm is authorized to bill my health plan for the care I receive and I know that payments from my health plan will go directly to Anne Arundel Dermatology. If I should receive the payments, I understand that I will be responsible for paying AADerm. I understand that I must pay any co-payment or other part of the bill that my health plan says I must pay. I know that I may need to pay this before I am treated. In a situation of financial hardship, I agree to contact the billing department to make payment arrangements. I understand that final payment is due upon receipt of my billing statement. I know I can pay outstanding charges by cash or check, credit card, or Care Credit and that there is a $25.00 service fee for returned checks. I understand that past due accounts may be referred to a collection agency. Additional fees may be incurred when accounts are sent to collection and I may be reported to credit reporting agencies. Office visits are at risk of being terminated when non-payment is a persistent, issue.

AADerm will not routinely waive co-payments or deductibles.

I understand that AADerm will hold me financially responsible in any one of the following situations:

a. When I choose to have a service that my health plan covers but I do not obtain the required referral or authorization from my health plan.
b. When I choose not to use my health plan and agree to pay for services myself. (Use Do Not Bill Insurance Form).
c. When my health plan does not participate with AADerm or its providers for the services I want or need and I agree to pay for my care myself. I know that out of network services are charged Medicare allowable rates.
d. When I receive services that are not covered under my health plan including cosmetic services.

If my health plan is subject to ERISA (the Employee Retirement Income Security Act under U.S. law), I agree to have AADerm act on my behalf to obtain my benefits when AADerm asks to do so. I also agree that AADerm can appeal for me if the health plan says it will not pay for my care. I understand that I must comply with the policies and procedures set by my employee benefit plan.

PATHOLOGY/LAB CHARGES: Pathology and lab charges are billed separately. If your provider elected to send your tissue to the AADerm Pathology Lab or a different pathology lab, you will receive a separate bill from the pathology provider for charges resulting from those services. There are two components to dermatopathology services – the technical component, or TC, which encompasses slide preparation and the professional component, or PC, which encompasses review of the prepared slides under a microscope and professional interpretation of the results. Your detailed bill will outline the components of the service and the specific provider of each service.

CONSENT TO PHOTOGRAPH: I understand photographs, videotapes, digital and/or other images may be made/recorded for identification, treatment and payment purposes. I will specifically authorize in writing any other use or disclosure of my image or recording.

ELECTRONIC PRESCRIBING: I authorize SureScripts, an electronic prescribing network, to release my medication refill history to AADerm for the purpose of continued treatment.

MY PERSONAL BELONGINGS: I understand that I am responsible for my personal belongings and valuables.

RELEASE OF INFORMATION: I authorize AADerm practice site(s) to release healthcare information for purposes of treatment, payment, or health operations.

Healthcare information from or regarding prior encounter(s) at other AADerm practice locations may be made available to subsequent AADerm-affiliate

sites to coordinate care. Healthcare information may be released to any person or entity liable for payment on the Patient's behalf in order to verify coverage or payment questions, or for any other purpose related to benefit payment. Healthcare information may also be released to my employer's designee when the services delivered are related to a claim under worker's compensation.

If I am covered by Medicare or Medicaid, I authorize the release of healthcare information to the Social Security Administration or its intermediaries or carriers for payment of a Medicare claim or to the appropriate state agency for payment of a Medicaid claim. This information may include, without limitation, history and physical, laboratory reports, operative reports, physician progress notes, nurse's notes, and consultations.

Federal and state laws may permit this medical practice to participate in organizations with other healthcare providers, insurers, and/or other health care industry participants and their subcontractors in order for these individuals and entities to share my health information with one another to accomplish goals that may include but not be limited to: improving the accuracy and increasing the availability of my health records; decreasing the time needed to access my information; aggregating and comparing my information for quality improvement purposes; and such other purposes as may be permitted by law. I understand that this facility may be a member of one or more such organizations. This consent specifically includes information concerning psychological conditions, psychiatric conditions, intellectual disability conditions, genetic information, chemical dependency conditions and/or infectious diseases including, but not limited to, blood borne diseases, such as HIV and AIDS.

To Parents and Guardians of Minor Children:

The providers and staff of Anne Arundel Dermatology, P.C. ("AAD") place great emphasis on the health and well-being of each and every patient that comes to our offices. We appreciate that you have entrusted us to provide dermatology services to your minor child and we look forward to working with you to ensure that your child receives the best health care possible.

Please see the Consent to Treat a Minor form that, once completed by a parent or legal guardian, will be placed in your child's medical record for use as necessary. This form will allow us to provide routine and emergency medical treatment for your minor child as necessary. This consent form will remain in effect until revoked in writing. You may request this form from any member of our office staff.

As a general rule, we require the consent of a parent or legal guardian in order to provide health care services to a minor child (someone under the age of 18). You will be asked to sign the authorization for treatment on or before the first visit, and to come to the office for as many visits as possible. The authorization allows you to approve: a) a course of therapy for your child with your participation and consent; b) that other responsible adults that you name may bring your child to the office; c) that we treat your adolescent child when s/he comes to the office unaccompanied by a responsible adult; and, d) that we can help in a health emergency. If your minor child presents to the office unaccompanied, we will check that you have signed the authorization to treat your adolescent child in your absence, and will reschedule if we do not have your written approval. If the minor presents in the company of an adult other than a parent or legal guardian, we will check that they are the persons named in the authorization; or that you have otherwise authorized in writing your consent.

Adults, other than the parent or legal guardian who accompany a minor child to an appointment and are authorized by the Consent to Treat a Minor on record, will be asked to present a photo ID upon checking the patient in for the appointment. If consent documentation or photo identification is missing, the appointment will be rescheduled.

By law, minors have the right to consent to health care under specific circumstances. For the purposes of dermatology care, a minor may consent to care if s/he is married, or is self-supporting regardless of income. A minor who is also a parent may consent to treatment for his or her child, even if the parent is under age 18.

It is the philosophy of this medical practice to encourage minor patients to include a parent, guardian or other trusted adult in all aspects of their health care. If you have questions regarding any of this information, please contact your child's treating physician.
